## Burpee Natural & Organic Azalea, Camellia + Rhododendron Granular Plant Food

Burpee Natural & Organic Azalea, Camellia + Rhododendron Granular Plant Food is formulated to feed quickly while delivering long-lasting results for all acid-loving plants. It contains beneficial microbes, and nutrients to help promote strong root development, lush foliage and rich color. The ideal granular plant food for new plants and established plantings.

### How To Use:

For best results, apply every two months during the growing season. Always remember to water thoroughly after fertilizing.

#### NEW PLANTS:

Mix one tablespoon with backfill soil when planting individual plants. Feed at the time of planting in the spring. Water thoroughly after planting.

#### ESTABLISHED PLANTINGS:

Sprinkle ¼ cup around each plant with a 2 foot diameter canopy (8-10 inches away from base of plant). Increase rates by ¼ cup for every additional 6 inches of canopy spread. Apply in the spring after blooming is complete and repeat every 8 weeks. It is recommended to stop feeding one month prior to first expected frost. Water thoroughly after each feeding.

**COVERAGE:** 4 pounds covers 213 square feet at .75 pounds of nitrogen per 1,000 square feet.
