Burpee Natural & Organic Blood Meal Plant Food

Burpee Natural & Organic Blood Meal provides an excellent organic source of nitrogen for lush, green garden vegetables and colorful blooms. Naturally formulated for vegetables that require additional nitrogen, perfect for lettuce, kale, squash and corn. Gives plants a great start and promotes growth and vegetable yield throughout the season.

How To Use:

For best results, apply every two months during the growing season. Always remember to water thoroughly after fertilizing. Not recommended for seedlings or for legumes such as beans or peas.

VEGETABLE & FLOWER GARDENS:

• NEW VEGETABLES & FLOWERS

Apply 1 cup for every 20 sq. ft. of garden area and gently work into soil.

• ESTABLISHED VEGETABLES & FLOWERS

Apply 2 cups for every 20 sq. ft. of garden area and gently work into soil.

TREES & SHRUBS:

• SMALL TREES & SHRUBS

Spread 1 cup under the foliage and gently rake into soil.

• LARGE TREES & SHRUBS

Spread 2 cups under the foliage and gently rake into soil.

COMPOST:

Burpee Natural & Organic Blood Meal can also be used as an effective compost activator assisting organisms to break down organic material. Mix 3 cups for approximately every 50 lbs. of compost.
