Burpee Natural & Organic Tomato + Vegetable Granular Plant Food

Burpee Natural & Organic Tomato + Vegetable Granular Plant Food is formulated to feed quickly while delivering long-lasting results for all types of vegetables and herbs. Containing beneficial microbes, and nutrients, plants will produce superior results throughout the season. The ideal granular plant food for seed starting, bedding plants, established vegetable gardens and container gardens.

How To Use:

For best results, apply every two months during the growing season. Always remember to water thoroughly after fertilizing.

SEED STARTING:

When starting seeds in growing trays, kits or flats, mix 2 cups of plant food per cubic foot of seed starting mix and then fill trays up with soil. When starting seeds in-ground, mix 1 cup of plant food with native soil for every 10 square feet of seeding area. Sow seeds following packaging directions and water thoroughly.

BEDDING PLANTS:

Mix ½ cup per 10 square feet into the top 4-6" of native soil prior to planting.

ESTABLISHED VEGETABLE GARDENS:

Apply 1 ½ cups for every 10 feet of row length.

CONTAINER GARDENS:

For both potting applications and raised garden beds, incorporate 1 ½ cups per cubic feet of soil or growing mix and water thoroughly.

COVERAGE: 4 pounds covers 160 square feet at .75 pounds of nitrogen per 1,000 square feet.
