Burpee Natural & Organic Tomato + Vegetable Water Soluble Plant Food

Burpee Natural & Organic Tomato + Vegetable Water Soluble Plant Food is formulated for fast acting results for all types of vegetables and herbs. By providing a blend of macro and micro nutrients and enriched with beneficial soil microorganisms, plants will receive the necessary feeding for superior establishment, growth and yield. The ideal natural and organic water soluble for seed starting, bedding plants, established vegetable gardens and container gardens.

How To Use: *1 Scoop = 1 Tablespoon*

For best results, apply to soil and plants once every 7 to 14 days during the growing season using a watering can or hose-end sprayer.

NEW SEEDLINGS & BEDDING PLANTS:

Thoroughly mix ½ tablespoon of Burpee Water Soluble Plant Food per 1 gallon of water. Gently water soil or potting mix to avoid damaging young seedlings.

GARDEN BEDS:

Thoroughly mix 1 tablespoon of Burpee Water Soluble Plant Food per 1 gallon of water for most garden plants. To better establish transplants and promote fuller growth, use 2 tablespoons per gallon until new growth appears.

CONTAINERS:

Alternate watering with and without added fertilizer every 4 to 7 days to avoid excessive soil drying. When feeding plants, use 1 tablespoon of Burpee Water Soluble Plant Food per 1 gallon of water applied.

HOSE-END SPRAYER:

Pour package contents into hose-end sprayer following manufacturer's directions. Spray in a "criss-cross" pattern over entire area to ensure even coverage.

COVERAGE: Covers up to 500 sq. ft.
For best results, apply in the morning before air temperatures rise above 85 °F.
