Waste Tire Grant Program SFY 2020 Surfacing Application

Postmark Deadline is **January 15, 2020**

Background Information

The *Waste Tire Grant Program* is a solid waste diversion program developed by legislation in State Fiscal Year (SFY) 2004. Legislation in 2007 allowed funds from the *Waste Tire Fee Fund* to be used towards the purchase of waste tire-derived products. The Waste Tire Fee Fund generates income from a twenty-five cent excise tax on all new tires sold in Kansas.

The Governor established a seven member Solid Waste Grants Advisory Committee that prioritizes projects and makes recommendations on competitive grant selection and disbursements. One member of the Advisory Committee represents the waste tire recyclers in the grant programs.
